ENGRAVINGS, CUTS, AND PRINTS; CHROMOS AND LITHOGRAPHS; PHOTOGRAPHS; FINE ARTS

TWO ALPHABETS.

I. Containing Class F, Engravings, Cuts and Prints; Class G, Chromos and Lithographs; Class H, Photographs.

II. Containing Class I, Fine Arts (Paintings, Drawings, Statues, Statuary and Models or Designs intended to be perfected as works of the Fine Arts).

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

To save space the copyright notice after each title is abbreviated; the statement as to receipt of copies is always omitted when the copies are received on the day of entry. The notice after the first title, if printed in full, would read: Copyright by James E. Abbe, Newport News, Va. Class H, XXc, no. 103453, December 9, 1907; 2 copies received December 9, 1907.

TWO ALPHABETS.

II. Containing Class I, Fine Arts (Paintings, Drawings, Statues, Statuary and Models or Designs intended to be perfected as works of the Fine Arts).

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

To save space the copyright notice after each title is abbreviated; the statement as to receipt of copies is always omitted when the copies are received on the day of entry. ENGRAVINGS, CUTS, AND PRINTS; CHROMOS AND LITHOGRAPHS; PHOTOGRAPHS; FINE ARTS

TWO ALPHABETS.

I. Containing Class F, Engravings, Cuts and Prints; Class G, Chromos and Lithographs; Class H, Photographs.

II. Containing Class I, Fine Arts (Paintings, Drawings, Statues, Statuary and Models or Designs intended to be perfected as works of the Fine Arts).

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

Arranged alphabetically by proprietors with subalphabet of titles.

The entries marked thus * are such as have been delayed inclusion in the Catalogue on account of necessary correspondence.

To save space the copyright notice after each title is abbreviated; the statement as to receipt of copies is always omitted when the copies are received on the day of entry. The notice after the first title, if printed in full, would read: Copyright by Walter D. Adams, Forney, Tex. Class F, XXc no. 64427, April 9, 1908; 2 copies received April 9, 1908.

II. Containing Class I, Fine Arts (Paintings, Drawings, Statues, Statuary and Models or Designs intended to be perfected as works of the Fine Arts).

The Catalogue of Copyright Entries appears each week, but to avoid the inconvenience of a number of small alphabets of different subjects all the entries for Engravings, Cuts and Prints, Chromos and Lithographs, and Photographs, completed since the last issue, are arranged here in a single monthly alphabet. The entries for Fine Arts will be found in a separate alphabet following this.

Arranged alphabetically by proprietors with subalphabet of titles.

The entries marked thus * are such as have been delayed inclusion in the Catalogue on account of necessary correspondence.

To save space the copyright notice after each title is abbreviated; the statement as to receipt of copies is always omitted when the copies are received on the day of entry.
